

La table de 1

$$\underline{\quad} \times \underline{\quad} = 9$$

$$\underline{\quad} \times \underline{\quad} = 3$$

$$\underline{\quad} \times \underline{\quad} = 10$$

$$\underline{\quad} \times \underline{\quad} = 4$$

$$\underline{\quad} \times \underline{\quad} = 7$$

$$\underline{\quad} \times \underline{\quad} = 2$$

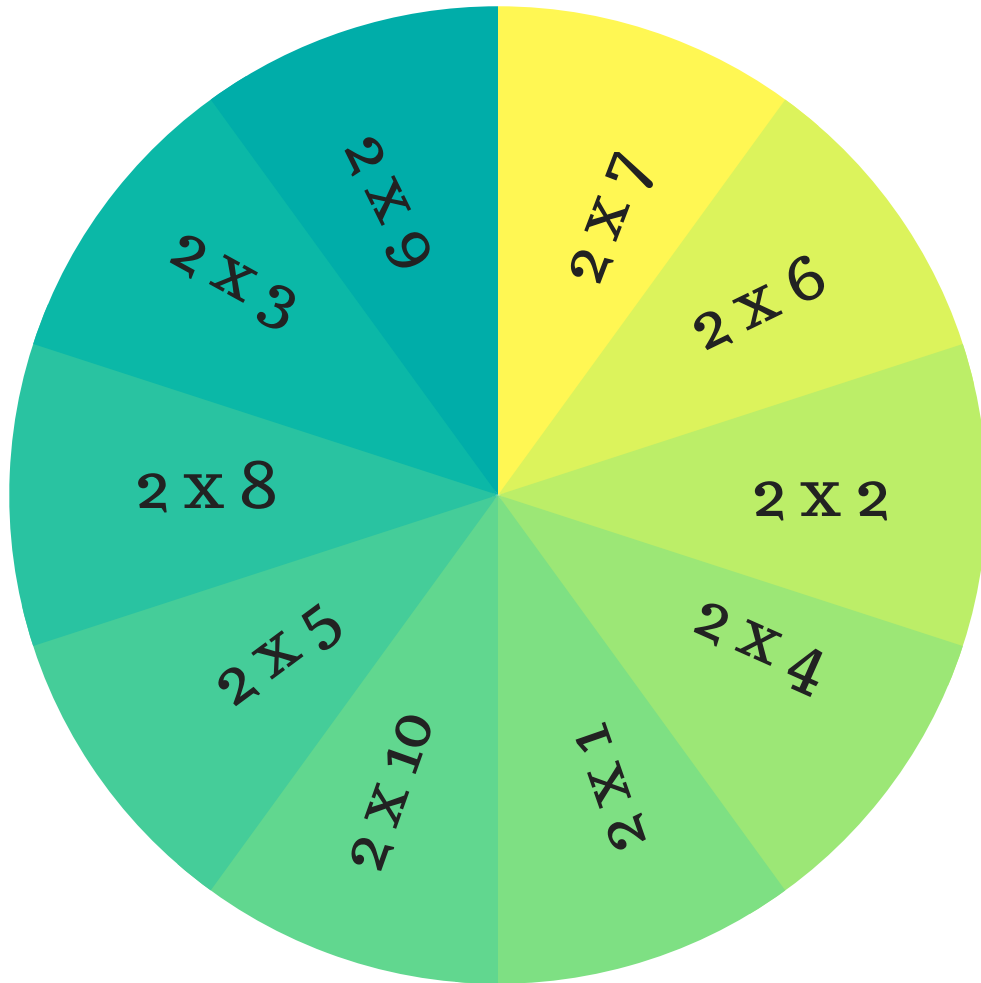

$$\underline{\quad} \times \underline{\quad} = 5$$

$$\underline{\quad} \times \underline{\quad} = 1$$

$$\underline{\quad} \times \underline{\quad} = 6$$

$$\underline{\quad} \times \underline{\quad} = 8$$

La table de 2

$$\underline{\quad} \times \underline{\quad} = 18$$

$$\underline{\quad} \times \underline{\quad} = 6$$

$$\underline{\quad} \times \underline{\quad} = 20$$

$$\underline{\quad} \times \underline{\quad} = 8$$

$$\underline{\quad} \times \underline{\quad} = 14$$

$$\underline{\quad} \times \underline{\quad} = 4$$

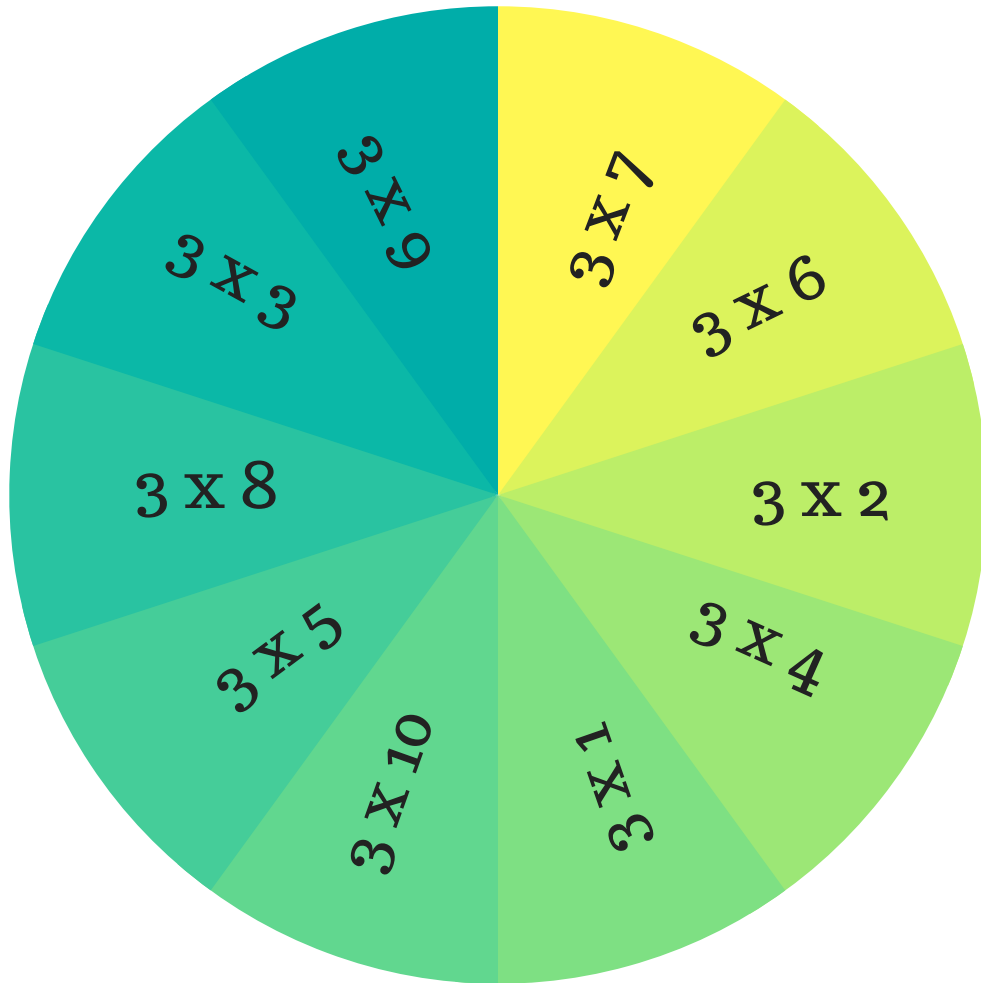

$$\underline{\quad} \times \underline{\quad} = 10$$

$$\underline{\quad} \times \underline{\quad} = 2$$

$$\underline{\quad} \times \underline{\quad} = 12$$

$$\underline{\quad} \times \underline{\quad} = 16$$

La table de 3

$$\underline{\quad} \times \underline{\quad} = 27$$

$$\underline{\quad} \times \underline{\quad} = 9$$

$$\underline{\quad} \times \underline{\quad} = 30$$

$$\underline{\quad} \times \underline{\quad} = 12$$

$$\underline{\quad} \times \underline{\quad} = 21$$

$$\underline{\quad} \times \underline{\quad} = 6$$

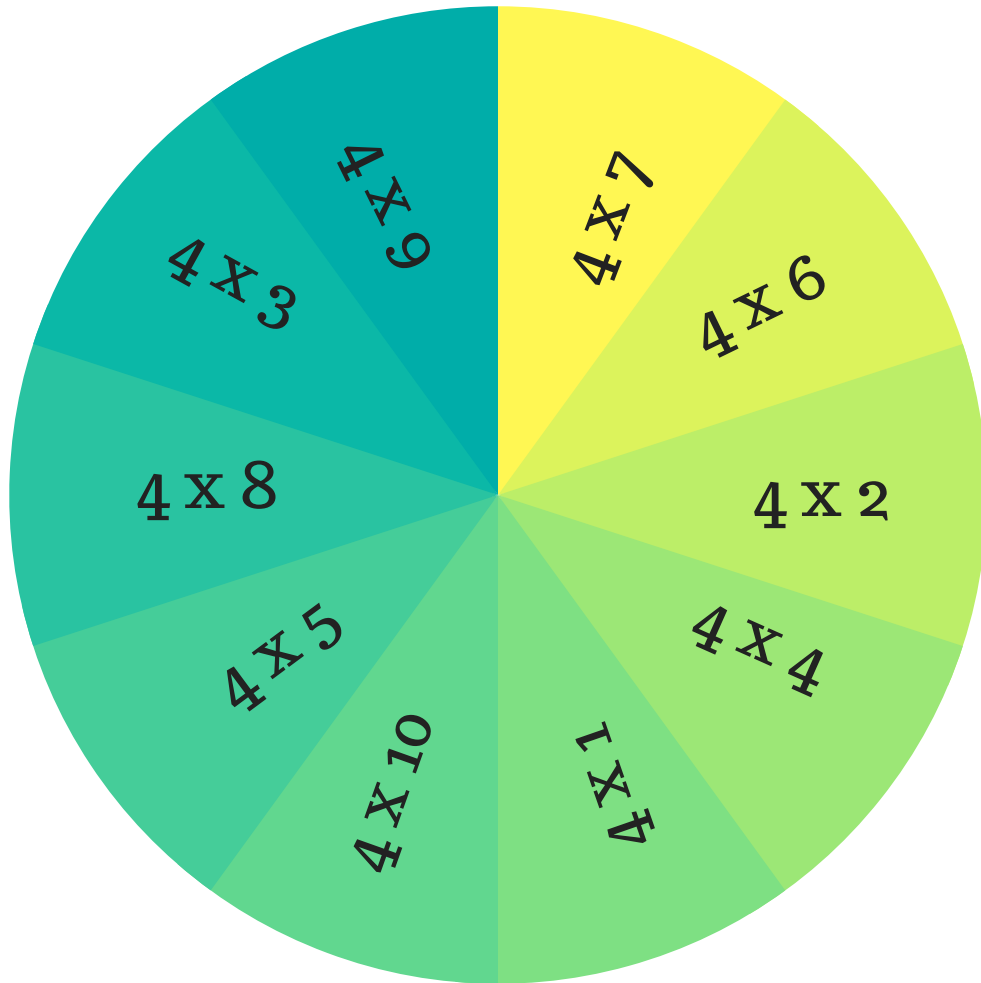

$$\underline{\quad} \times \underline{\quad} = 15$$

$$\underline{\quad} \times \underline{\quad} = 3$$

$$\underline{\quad} \times \underline{\quad} = 18$$

$$\underline{\quad} \times \underline{\quad} = 24$$

La table de 4

$$\underline{\quad} \times \underline{\quad} = 36$$

$$\underline{\quad} \times \underline{\quad} = 12$$

$$\underline{\quad} \times \underline{\quad} = 40$$

$$\underline{\quad} \times \underline{\quad} = 16$$

$$\underline{\quad} \times \underline{\quad} = 28$$

$$\underline{\quad} \times \underline{\quad} = 8$$

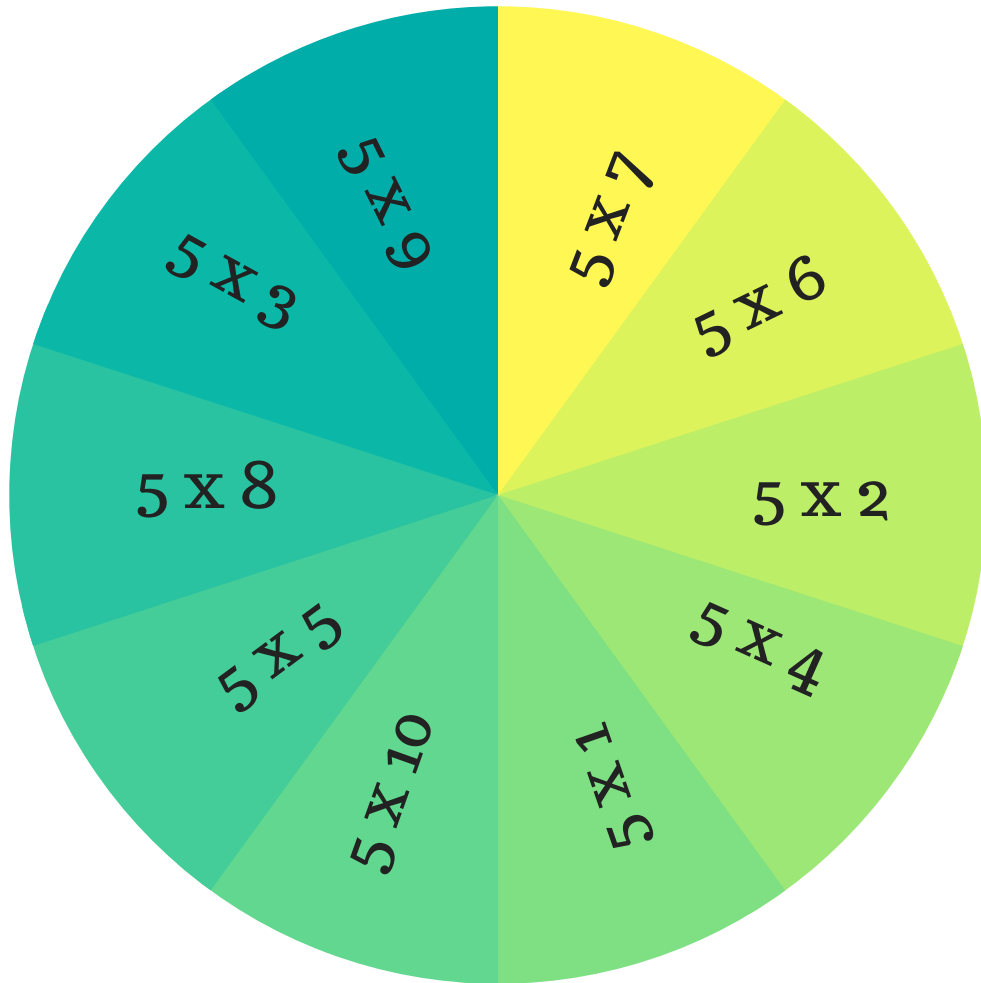

$$\underline{\quad} \times \underline{\quad} = 20$$

$$\underline{\quad} \times \underline{\quad} = 4$$

$$\underline{\quad} \times \underline{\quad} = 24$$

$$\underline{\quad} \times \underline{\quad} = 32$$

La table de 5

$$\underline{\quad} \times \underline{\quad} = 45$$

$$\underline{\quad} \times \underline{\quad} = 15$$

$$\underline{\quad} \times \underline{\quad} = 50$$

$$\underline{\quad} \times \underline{\quad} = 20$$

$$\underline{\quad} \times \underline{\quad} = 35$$

$$\underline{\quad} \times \underline{\quad} = 10$$

$$\underline{\quad} \times \underline{\quad} = 25$$

$$\underline{\quad} \times \underline{\quad} = 5$$

$$\underline{\quad} \times \underline{\quad} = 30$$

$$\underline{\quad} \times \underline{\quad} = 40$$

La table de 6

$$\underline{\quad} \times \underline{\quad} = 54$$

$$\underline{\quad} \times \underline{\quad} = 18$$

$$\underline{\quad} \times \underline{\quad} = 60$$

$$\underline{\quad} \times \underline{\quad} = 24$$

$$\underline{\quad} \times \underline{\quad} = 42$$

$$\underline{\quad} \times \underline{\quad} = 12$$

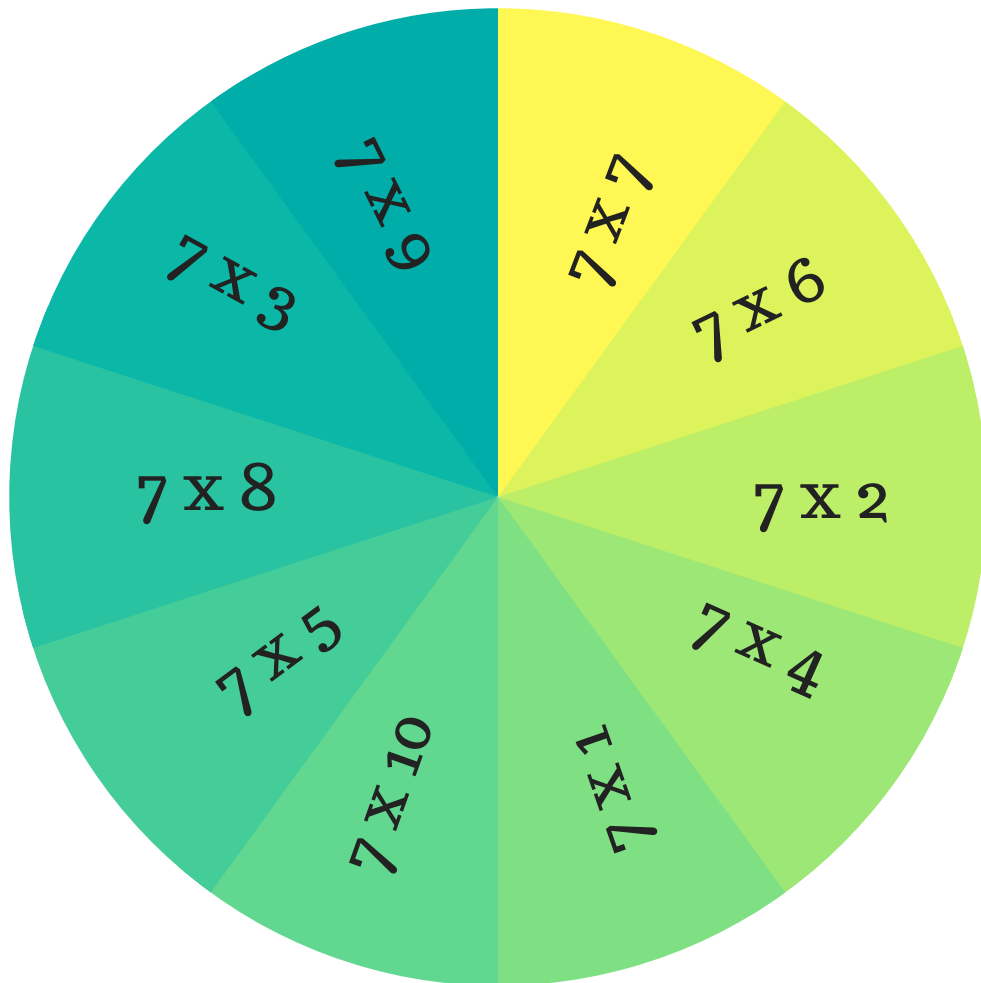

$$\underline{\quad} \times \underline{\quad} = 30$$

$$\underline{\quad} \times \underline{\quad} = 6$$

$$\underline{\quad} \times \underline{\quad} = 36$$

$$\underline{\quad} \times \underline{\quad} = 48$$

La table de 7

$$\underline{\quad} \times \underline{\quad} = 63$$

$$\underline{\quad} \times \underline{\quad} = 21$$

$$\underline{\quad} \times \underline{\quad} = 70$$

$$\underline{\quad} \times \underline{\quad} = 28$$

$$\underline{\quad} \times \underline{\quad} = 49$$

$$\underline{\quad} \times \underline{\quad} = 14$$

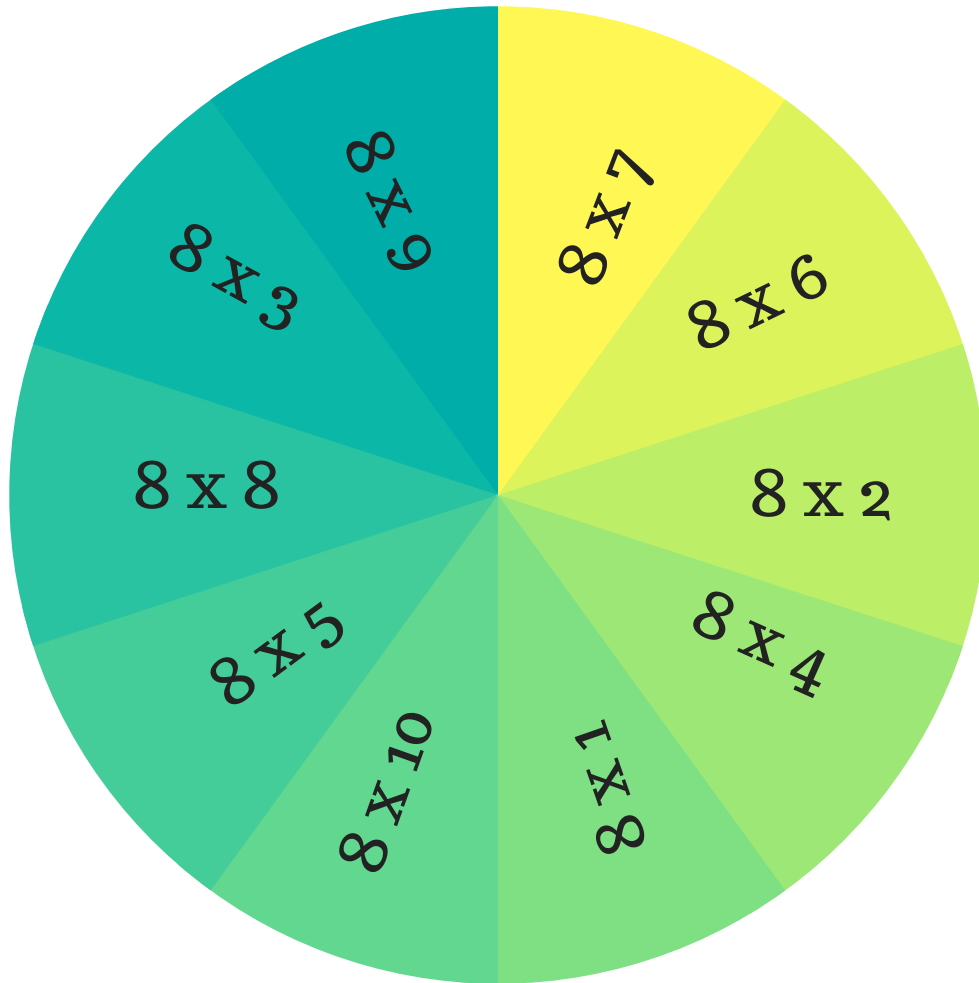

$$\underline{\quad} \times \underline{\quad} = 35$$

$$\underline{\quad} \times \underline{\quad} = 7$$

$$\underline{\quad} \times \underline{\quad} = 42$$

$$\underline{\quad} \times \underline{\quad} = 56$$

La table de 8

$$\underline{\quad} \times \underline{\quad} = 72$$

$$\underline{\quad} \times \underline{\quad} = 24$$

$$\underline{\quad} \times \underline{\quad} = 80$$

$$\underline{\quad} \times \underline{\quad} = 32$$

$$\underline{\quad} \times \underline{\quad} = 56$$

$$\underline{\quad} \times \underline{\quad} = 16$$

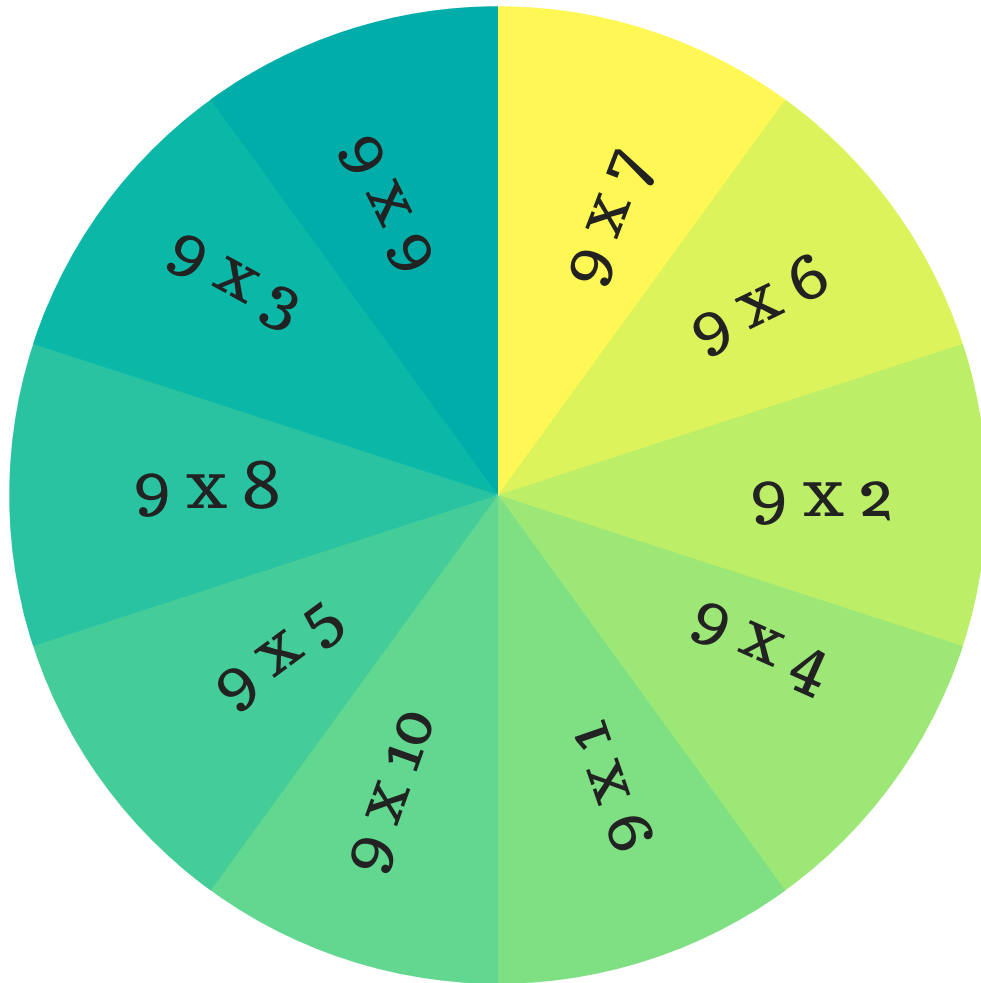

$$\underline{\quad} \times \underline{\quad} = 40$$

$$\underline{\quad} \times \underline{\quad} = 8$$

$$\underline{\quad} \times \underline{\quad} = 48$$

$$\underline{\quad} \times \underline{\quad} = 64$$

La table de 9

$$\underline{\quad} \times \underline{\quad} = 81$$

$$\underline{\quad} \times \underline{\quad} = 27$$

$$\underline{\quad} \times \underline{\quad} = 90$$

$$\underline{\quad} \times \underline{\quad} = 36$$

$$\underline{\quad} \times \underline{\quad} = 63$$

$$\underline{\quad} \times \underline{\quad} = 18$$

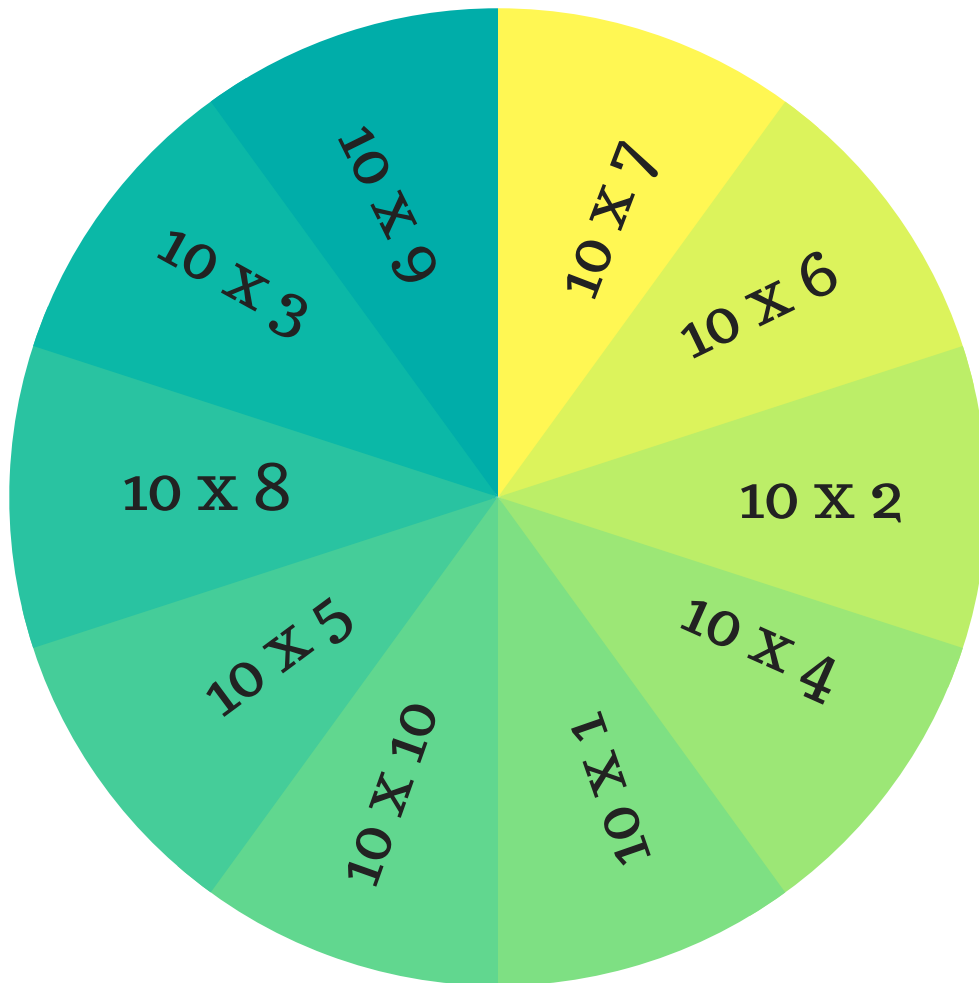

$$\underline{\quad} \times \underline{\quad} = 45$$

$$\underline{\quad} \times \underline{\quad} = 9$$

$$\underline{\quad} \times \underline{\quad} = 54$$

$$\underline{\quad} \times \underline{\quad} = 72$$

La table de 10

$$\underline{\quad} \times \underline{\quad} = 90$$

$$\underline{\quad} \times \underline{\quad} = 30$$

$$\underline{\quad} \times \underline{\quad} = 100$$

$$\underline{\quad} \times \underline{\quad} = 40$$

$$\underline{\quad} \times \underline{\quad} = 70$$

$$\underline{\quad} \times \underline{\quad} = 20$$

$$\underline{\quad} \times \underline{\quad} = 50$$

$$\underline{\quad} \times \underline{\quad} = 10$$

$$\underline{\quad} \times \underline{\quad} = 60$$

$$\underline{\quad} \times \underline{\quad} = 80$$
