

Table de 10

$10 \times 1 = \square$

$10 \times 4 = \square$

$10 \times 7 = \square$

$10 \times 2 = \square$

$10 \times 8 = \square$

$10 \times 6 = \square$

$10 \times 10 = \square$

$10 \times 3 = \square$

$10 \times 5 = \square$

$10 \times 9 = \square$

Table de 2

$2 \times 3 = \square$

$2 \times 5 = \square$

$2 \times 10 = \square$

$2 \times 1 = \square$

$2 \times 8 = \square$

$2 \times 6 = \square$

$2 \times 2 = \square$

$2 \times 4 = \square$

$2 \times 9 = \square$

$2 \times 7 = \square$

Table de 3

$3 \times 10 = \square$

$3 \times 2 = \square$

$3 \times 6 = \square$

$3 \times 8 = \square$

$3 \times 9 = \square$

$3 \times 7 = \square$

$3 \times 4 = \square$

$3 \times 1 = \square$

$3 \times 3 = \square$

$3 \times 5 = \square$

Table de 4

$4 \times 3 = \square$

$4 \times 1 = \square$

$4 \times 8 = \square$

$4 \times 4 = \square$

$4 \times 9 = \square$

$4 \times 6 = \square$

$4 \times 2 = \square$

$4 \times 7 = \square$

$4 \times 5 = \square$

$4 \times 10 = \square$

Table de 5

$5 \times 9 = \square$

$5 \times 3 = \square$

$5 \times 6 = \square$

$5 \times 2 = \square$

$5 \times 4 = \square$

$5 \times 8 = \square$

$5 \times 1 = \square$

$5 \times 5 = \square$

$5 \times 7 = \square$

$5 \times 10 = \square$

Table de 6

$6 \times 10 = \square$

$6 \times 5 = \square$

$6 \times 1 = \square$

$6 \times 3 = \square$

$6 \times 7 = \square$

$6 \times 4 = \square$

$6 \times 6 = \square$

$6 \times 2 = \square$

$6 \times 8 = \square$

$6 \times 9 = \square$

Table de 7

$7 \times 7 = \square$

$7 \times 2 = \square$

$7 \times 9 = \square$

$7 \times 4 = \square$

$7 \times 8 = \square$

$7 \times 6 = \square$

$7 \times 1 = \square$

$7 \times 3 = \square$

$7 \times 5 = \square$

$7 \times 10 = \square$

Table de 8

$8 \times 8 = \square$

$8 \times 3 = \square$

$8 \times 5 = \square$

$8 \times 7 = \square$

$8 \times 9 = \square$

$8 \times 6 = \square$

$8 \times 10 = \square$

$8 \times 1 = \square$

$8 \times 4 = \square$

$8 \times 2 = \square$

Table de 9

$9 \times 9 = \square$

$9 \times 4 = \square$

$9 \times 8 = \square$

$9 \times 3 = \square$

$9 \times 7 = \square$

$9 \times 10 = \square$

$9 \times 5 = \square$

$9 \times 2 = \square$

$9 \times 6 = \square$

$9 \times 1 = \square$

Table de 10

$10 \times \square = 30$

$10 \times \square = 60$

$10 \times \square = 10$

$10 \times \square = 70$

$10 \times \square = 20$

$10 \times \square = 50$

$10 \times \square = 100$

$10 \times \square = 80$

$10 \times \square = 40$

$10 \times \square = 90$

Table de 2

$2 \times \square = 8$

$2 \times \square = 18$

$2 \times \square = 2$

$2 \times \square = 6$

$2 \times \square = 10$

$2 \times \square = 16$

$2 \times \square = 20$

$2 \times \square = 4$

$2 \times \square = 12$

$2 \times \square = 14$

Table de 3

$3 \times \square = 6$

$3 \times \square = 18$

$3 \times \square = 9$

$3 \times \square = 30$

$3 \times \square = 24$

$3 \times \square = 12$

$3 \times \square = 27$

$3 \times \square = 15$

$3 \times \square = 3$

$3 \times \square = 21$

Table de 4

$4 \times \square = 16$

$4 \times \square = 24$

$4 \times \square = 32$

$4 \times \square = 40$

$4 \times \square = 8$

$4 \times \square = 4$

$4 \times \square = 12$

$4 \times \square = 36$

$4 \times \square = 20$

$4 \times \square = 28$

Table de 5

$5 \times \square = 15$

$5 \times \square = 30$

$5 \times \square = 10$

$5 \times \square = 50$

$5 \times \square = 25$

$5 \times \square = 35$

$5 \times \square = 45$

$5 \times \square = 20$

$5 \times \square = 40$

$5 \times \square = 5$

Table de 6

$6 \times \square = 54$

$6 \times \square = 30$

$6 \times \square = 36$

$6 \times \square = 12$

$6 \times \square = 6$

$6 \times \square = 18$

$6 \times \square = 60$

$6 \times \square = 24$

$6 \times \square = 48$

$6 \times \square = 42$

Table de 7

$7 \times \square = 49$

$7 \times \square = 63$

$7 \times \square = 14$

$7 \times \square = 70$

$7 \times \square = 56$

$7 \times \square = 7$

$7 \times \square = 42$

$7 \times \square = 21$

$7 \times \square = 35$

$7 \times \square = 28$

Table de 8

$8 \times \square = 24$

$8 \times \square = 48$

$8 \times \square = 64$

$8 \times \square = 8$

$8 \times \square = 80$

$8 \times \square = 72$

$8 \times \square = 32$

$8 \times \square = 40$

$8 \times \square = 16$

$8 \times \square = 56$

Table de 9

$9 \times \square = 54$

$9 \times \square = 27$

$9 \times \square = 72$

$9 \times \square = 18$

$9 \times \square = 36$

$9 \times \square = 90$

$9 \times \square = 9$

$9 \times \square = 81$

$9 \times \square = 45$

$9 \times \square = 63$
