

Les nombres pairs et impairs

Les nombres pairs et impairs alternent.

Les nombres pairs se terminent par 0, 2, 4, 6, 8. Pour les trouver, on compte de 2 en 2 à partir de 0.

	1	impair
	2	pair
	3	impair
	4	pair
	5	impair
	6	pair
	7	impair
	8	pair
	9	impair
	10	pair

Moyen mnémotechnique : les nombres impairs sont constitués de paires (2) et d'un tout seul (un + paire). Pour les trouver, on compte de 2 en 2 à partir de 1. Ils se terminent par 1, 3, 5, 7, 9.
